

Challenge 10:11

Greener Futures is challenging the village of Warboys to go for 10:11 during 2011.

10:10 was an ambitious project to unite every sector of British society behind one simple idea: that by working together we can achieve a 10% cut in the UK's carbon emissions in 2010. We are asking you to continue with another 10% reduction in 2011. Didn't take part in 10:10?—don't worry start today.

- 1 Fly less, holiday more
- 2 Save 10% on heating
- 3 Save 10% on electricity
- 4 Drive less.
- 5 Eat better
- 6 Buy good stuff
- 7 Dump less
- 8 Don't waste food...
- 9 ... or water
- 10 Feel happier

Find out more at www.1010uk.org

Our programme this autumn is focused on food, with a talk on the vegetarian diet earlier in the year, we now have a visit to an award winning local farm and talks on achieving a sustainable food supply and reducing food waste.

We continue to work with Warboys Parish Council towards achieving a community orchard in the village increasing access to local food.

Greener Futures exists:

- to encourage discussion about the environmental problems which face us.
- to become better informed and
- to take action to reduce our impact on the environment.

To register your interest in any of our projects come along to one of our meetings or call 822083 or email greenerfutures@warboys.co.uk

Watch for Progress Reports and Changes

Regular notices can be found on posters and in Warboys Diary.

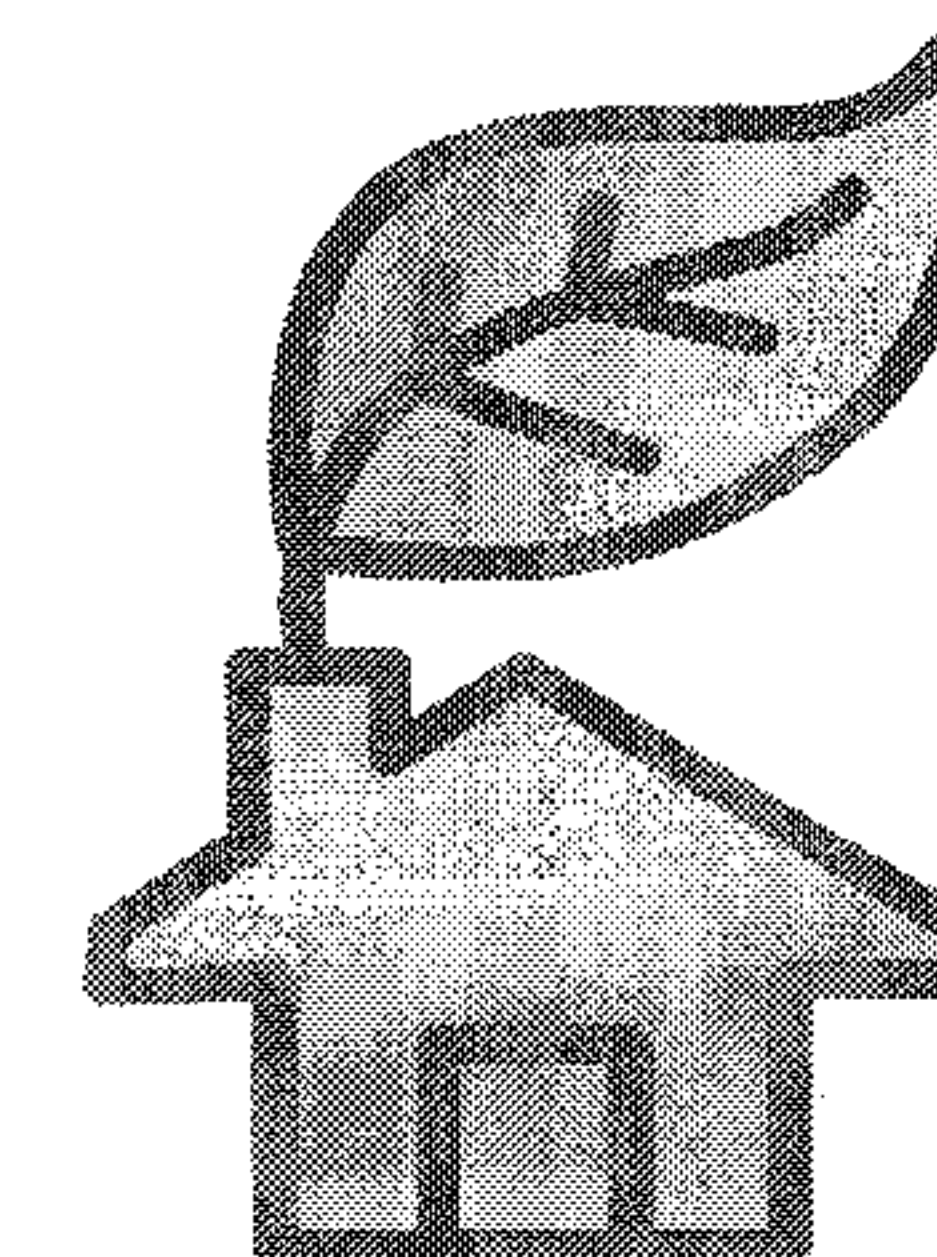

If you wish to be reminded of events by email send your contact details to greenerfutures@warboys.co.uk labelled 'email contact list'.

Programme of Events
May—Nov 2011

A programme of summer visits and autumn talks.
Join us and get involved.
All Welcome

For more information call 822083

All meetings (unless otherwise stated)
7.30pm in Methodist Church .
(next to White Hart, High Street)

Meet others who share your concerns about the environment and the threat of Climate Change for information and discussion, ideas and support in making changes to your lifestyle.

During the summer months we enjoy a series of local visits. Please book early to take part by calling 01487 822083. *All evening trips leave Library car park at 6.30pm prompt.*

Thursday May 26

Visit to Munns Farm, Chatteris

Westmoor Farm is part of the Cambridgeshire County Farm Estate and consists of 500 acres of arable land. It has been run by the Munns family since 1959. It has won many awards for conservation. Try their locally grown Rape Seed Oil as a healthy alternative.

Numbers limited so please book early Call 822083. Travelling in car share

Thursday Jun 30

An Evening River Cruise on the Captain's Folly from Hartford Marina

A different perspective of our local environment, slowly, leisurely and in good company Cost of trip £6 (+£2 Visitors) includes a drink and nibbles.

Numbers limited so please book early Call 822083. Travelling in car share

Thursday July 21

Guided Walk to Ouse Fen,

New Reserve at Needingworth

The Hansom Aggregates are quarrying at this site and as each cell is emptied the land is handed over to RSPB to turn it into an exciting new nature reserve.

It is only possible to visit the site as a group.

Numbers limited so please book early Call 822083. Travelling in minibus Leaves Library car park at 6.30pm prompt

No meeting in August

All Autumn Meetings take place on Thursday evenings at 7.30pm towards the end of the month in Methodist Church (next to White Hart).

Thursday Sept 29

Sustainable Food

Talk by members of

Transition Cambridge

Following our talk in March about the changes needed following Peak Oil,

We will consider how we can change the way we eat.

Local food, farming methods, seasonal food, etc.

Food for thought indeed.

Thursday Oct 27

Love Food, Hate Waste

Talk by Betty Ball

using LFHW project materials.

The statistics on how much food is wasted in the growing, processing and delivery systems as well as in our homes are truly alarming.

A chance to think about how we can all do better.

Thursday Nov 24

Film 'The Power of Community'

followed by a discussion of the issues raised.

Cuba has had to face the 'peak oil' situation which we have heard about in talks earlier this year.

This fascinating film shows how they took action to avoid starvation and adapted to the imposed changes with some surprisingly positive consequences. How will we cope if/when this happens to us?

No meeting in December

If you have ideas of topics, visits, speakers, etc you would like to see in our 2012 programme, please send them to greenerfutures@warboys.co.uk or call Betty Ball on 01487 822083.
